Hoofbeats from the past....

I've always been a fan of Rutland Ranch horses. Horse breeding is said to be an art. In that respect, I think some people are artists when it comes to selectively breeding. I believe Guy Ray Rutland was one of those people.

Pacific Bailey

Pacific Bailey

**Gold Pacific - Gold King Bailey X Nell Bert N
Wyatt McCue
1963; AQHA - 325585**

A truly great race horse, Pacific Bailey had the u

combination of speed, athleticism and good looks. In 1960, Pac had 24 starts with 13 wins, 4 seconds & 7 thirds of \$15,073. In the process, he was a stakes winner & set several records. In the show ring, he earned 24.0 halter points, 10 grands & 6 reserves.

Pacific Bailey was an AQHA Champion by the age of 2, a race ROM [earned in 1965] & a Superior in racing [earned in 1966].

His foals picked up where he left off. He was a leading sire of race ROM qualifiers, & his performers included stakes winners, Superiors [race, performance & halter], arena ROMs, AQHA Champions [open & youth] as well as World & reserve World Champions. Pacific Bailey sired more AQHA foals than any other horse in the 20th century.

What can you do with a Pacific Bailey pedigree? Any of the things you want to!

Hank H

HANK H

**King - Zanatanon X Queen H - Dan - Old Joe
1942; AQHA - 2,154**

**As a race horse, Hank H earned a SI-85. As a breeder,
he sired AQHA Champions, race ROM qualifiers & H
halter. He's also on the All Time leading maternal grand
for money earners.**

King line

Old Joe Bailey

Old Joe Bailey [of Wetherford]

**Eureka - Shelby X Susie McQuirter - Little Belle
1907 - 1934**

The first and, argueably, the most noted 'Joe Bailey' linebred to Old Shiloh & Steel Dust. [In the days before registration, name duplication was common.] He was bred by Baker of Weatherford, TX & later owned by Texar Whiteside. Horses from Old Joe Bailey's lines went on the track & in the performance arena.
